[REDACTED]

Detainee was told that Abu Jasim was the amir of North Iraq when Detainee formally joined the ISI in July 2007. Detainee overheard Hamid, the former ISI Sharia Amir and Dr. Firas, a former ISI Sharia amir discuss Abu Qaswarah during the problem between ISI and members of Jaysh al-Muhyadin (JM). Hamid said that Abu Qaswarah had been informed of the problem. Detainee believed that Abu Qaswarah and Abu Jasim were the same person due to the fact that both Abu Jasim and Abu Qaswarah were referred to as the amir of North Iraq. When Detainee was summoned to meet with the amir of north Iraq Detainee was summoned to meet with Abu Sara. Detainee believes that all three names are different kunyas for the same person. Detainee did not hear of Abu Jasim being replaced by Abu Sara.

Senior ISI members in Mosul and some junior level military members in Mosul met with Abu Sara. Among them are Anmar (met twice, former Wali), Abu Salim (security), Dadu (sharia, deceased), Ghazwan (deceased), Haydar al-Afiri (military, deceased), Anas (current Wali), Abu Ibrahim (current Deputy Wali and Military leader) and Abu Zubayr (military).

Detainee does not know if Detainee was taken to the same area on both occasions to meet with Abu Sara but both meetings occurred in Bedouin tents in the Jazirah desert west of Mosul. [REDACTED]

Detainee does not recall crossing any bridges or waterways during the trip to see Abu Sara. Detainee recalls passing some small villages but Detainee does not know the name of the villages.

Abu Arab purchases groceries for the Bedouin camp on occasion and transports the groceries to Jazirah. Abu Arab does not have a specific date or time he travels to Jazirah. Abu Arab goes to Jazirah when summoned.

Detainee does not know if 'Abbas and Abu 'Abdallah drive to Mosul.

All of the men with Abu Sara spoke a Bedouin dialect consistent with the Jazirah area. Detainee did not detect any foreign dialects other than Abu Sara's. Detainee believes all of the men with Abu Sara are Iraqis from the Jazirah area. The men had light weapons to include AK-47s and hand grenades.
